SAF-T-FLO Selects BAU/HOPKINS

SAF-T-FLO is pleased to announce the appointment of BAU/HOPKINS as our Representative servicing the New England Markets.

Many of you may already know BAU/HOPKINS and are aware of the technical expertise and reliable customer service. All of their personnel are now ready to assist you with your Water Quality requirements.

SAF-T-FLO specializes in manufacturing chemical injection quills and sampling probes for chemical feed systems in the municipal, industrial, and commercial water treatment industries. We customize each injection assembly to fit the needs of the individual application, while also stocking common components for quick delivery.
